

Summer is a great time to get outdoors and have a go with those slightly messier crafts. Don't forget to be sun safe though.

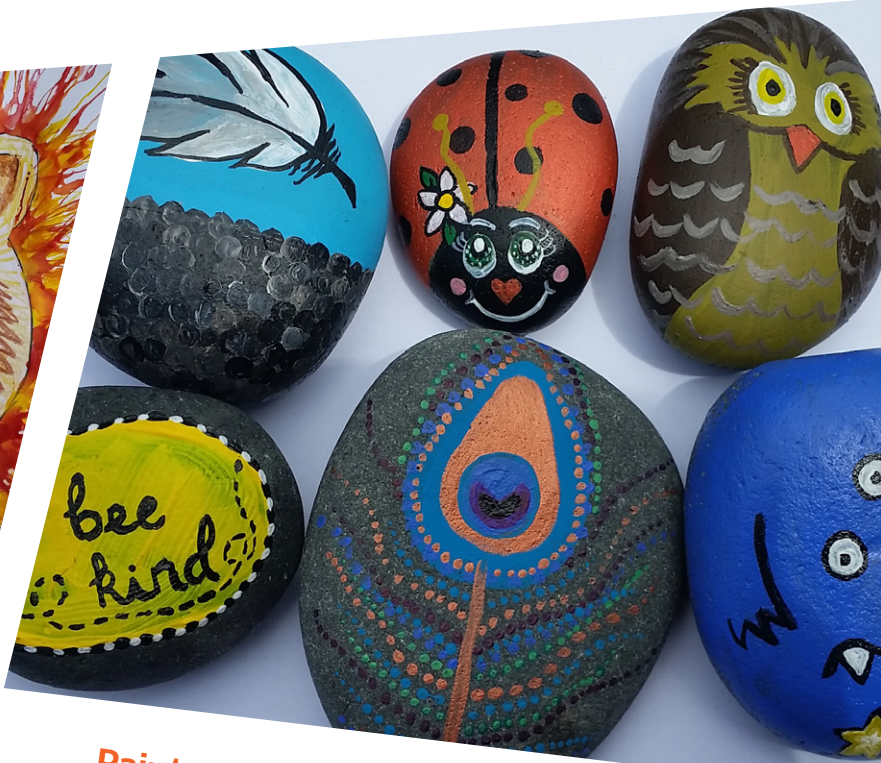

## Summer is here

### Blow Painting

Some activities can make a huge mess and this blow painting is one of those. Start with an image, for example the head above, add some paint and using a straw blow it around.

### Painted Rocks

Rock hunting has become a bit of a craze around New Zealand recently. Here at OSCN we thought it would be fun to see how far our rocks could travel over the summer.
