

The OSCN eLearning Hub

To provide more options for training, we are creating short video presentations (usually 15-30 minutes) that are available to view on demand as many times as you like by anyone in your organisation.

Currently available topics:

- **OSCAR - are you ready?** 17 minutes: an onboarding walkthrough for new staff. Sample here: <https://www.oscn.nz/OnBPrievw/index.html>
- **ADHD – it's part of who I am** 30 minutes: conversation with Tracey Rountree about ADHD, emotions and communication problems
- **OSCAR supervision poolside** 60 minutes: essentials of school pool supervision
- **Five things to try instead of saying don't** 25 minutes: tips on behaviour guidance
- **NEW! Privacy in OSCAR** a 15-minute overview for staff about the Act and best practice
- **NEW! Observing Child Development in OSCAR** 50 minutes: an introduction to research and practical application in an OSCAR setting

If you want to sign up, then we'll give you a login that you can use to hold team trainings, or pass these details onto staff members to watch in their own time. (Note this is a different login to your OSCN web-site login.)

There is an annual subscription charge (in addition to OSCN membership of \$90 p.yr.) for login access, based on how many programmes you operate:

- \$60 a year for 1 site
- \$100 per year for 2-5 sites
- \$200 per year for 6 or more sites

For a cost similar to attending one workshop you get unlimited access. Over the next year we will add more short videos accessible with this same subscription.

If you want to take up this offer, then please email us oscn@xtra.co.nz
